bock storeline®

Bedside cabinets t100–t103

Maximum scalability: From little side table to big helper.

The bock storeline® t100–t103 bedside cabinets offer complete freedom of choice. Whichever you choose, they simplify your daily care routine from day one, because everything can be stored within easy reach of both residents and caregivers.

bock storeline® t100

Bedside cabinet "server-ready" with drawer, door and open shelf

The storeline® t100 bedside cabinet is the logical companion to the bock nursing care beds. It safely keeps personal belongings within easy reach.

Pays off:

The bock storeline® t100-103 bedside cabinets can be fitted with the flexible storeline® s100 server at any time. The storeline® s100 can be attached on either side without tools, making it a highly versatile and economical option.

bock storeline® t103

"Server-ready" bedside cabinet with drawer, deep drawer, two pull-out trays and open shelf

The storeline® t103 bedside cabinet with two pull-out trays is the logical companion to the bock nursing care bed range. It safely keeps personal belongings within easy reach and, when the deep drawer is open, easily visible from above. The integrated pull-out trays serve as a quickly accessible and secure extension of the storage surface: the lower tray can be used by residents to conveniently place drinks or personal items, even from a low bed height. In addition, a deep drawer makes it easier to store and retrieve items, e. g. drinks.

Pays off:

The bock storeline® t100–103 bedside cabinets can be fitted with the flexible storeline® s100 server at any time. The storeline® s100 can be attached on either side without tools, making it a highly versatile and economical option.

Bedside cabinets t200–t300

Always at your side:
Bedside cabinets with a practical overbed table

The bock storeline® t200-t300 expands your options when choosing a bedside cabinet that completes ones furniture concept.

bock storeline® t200

**Bedside cabinet with drawer, door,
open shelf and integrated overbed table**

The integrated, height-adjustable overbed table
instantly serves as an additional storage surface.
It provides ideal support in everyday situations,
e.g. when serving meals or during the daily care routine.
Thanks to the height adjustment, the cabinet can
be adapted to different requirements, according
to the situation.

The tray can be attached to either side of
the bedside cabinet at any time, allowing
flexible use of the storeline® t200 bedside
cabinet on either side of the bed.

bock storeline® t200

Additional features	
Four double castors, including two with lock	
Wheel diameter	50 mm
All specifications refer to the closed cabinet	
Colours and further options can be found on page 19.	

storeline®

bock storeline® t300

Bedside cabinet with drawer, door, open shelf, overbed table and towel rail

The drawer and cabinet doors can be opened on both sides, allowing the flexible use of the storeline® t300 on either the left or the right side of the bed. For extra safety, the drawer cannot be pulled all the way out. The overbed table mechanism is supported by a lifting aid. Behind the doors is a slidable storage shelf, which can be secured on the side of use.

The integrated overbed table instantly serves as an additional practical storage surface. It provides ideal support in everyday situations, e.g. when serving meals or during the daily care routine.

Simple solution: When the integrated overbed table is not in use, the rail can be used as a practical towel holder.

bock storeline® t300

Server s100 – s300

Flexible helpers for comfortable living and care

The servers in the bock storeline® s100 – s300 are the perfect add-on for use by residents and caregivers. The flexible fold-out tables expand the functionality of your bedside table precisely when needed.

Various small details simplify your daily care routine – in conjunction with a high-quality finish and the latest technology.

bock storeline® s100

Flexible servers for the storeline® t100 bedside cabinet series with stepless height adjustment, swivelling overbed table and fixed shelf

The flexible storeline® s100 server with stepless height adjustment and swivelling overbed tabletop is the perfect companion for the bock bedside cabinets of the storeline® t100 series.

The storeline® s100 can be attached to either the left or right side in no time at all and without any tools, according to your individual preferences. The overbed table is a practical storage solution and provides ideal support in everyday situations, e.g. when serving meals or during the daily care routine. The inclinable tabletop supports an ergonomic, comfortable reading position, while the stop strips prevent items from slipping off. Thanks to the gas spring mechanism with an automatic actuator, the height is individually and steplessly adjustable.

The fixed part with multifunctional handle can be used to hold a pair of reading glasses or a drink. The handle can be also used as a towel holder, for example.

The large double castor ensures optimal stability and supports simple assembly.

Simply attach. Securely anchored. And detach. Shown here on a t101.

bock storeline® s100		
Dimensions		
Swivelling tabletop	Width	550 mm
	Depth	380 mm
Fixed shelf	Width	160 mm
	Depth	380 mm
Load capacity of tabletop		up to 10 kg
Height adjustment range		725 – 1050 mm
Swivel range		max. 45°
Double castors with lock		Ø 65 mm

storeline®

bock storeline® s100
All advantages:

+ Flexible add-on to your bock bedside cabinets (t100-t103)

+ Stepless height adjustment and swivelling tabletop

+ Quick, tool-free add-on either to the left or right side

+ Fixed shelf with multifunctional handle

+ Easy to clean, easily wipeable

+ A large double castor ensures optimal stability

+ Tabletop with high load capacity for safe provision of basic care

Stepless height adjustment and swivelling tabletop for maximum comfort

The tabletop can bear up to 10 kg of weight, allowing safe and comfortable provision of care in bed with a washbowl.

Simple locking mechanism for increased safety and comfort.

bock storeline® s100 attached to the bock storeline® t101

storeline®

The bock storeline® t103 bedside cabinet with the flexible storeline® s100 server is the ideal addition to a nursing care bed from bock.

bock storeline® s200

Handy server with stepless height adjustment, swivelling and folding overbed table and fixed shelf

The handy storeline® s200 server with stepless height adjustment and a swivelling tabletop is a flexible companion for the bock nursing care bed.

The overbed table is a practical storage solution and provides ideal support in everyday situations, e.g. when serving meals or during the daily care routine.

The inclinable tabletop supports an ergonomic, comfortable reading position, while the stop strips prevent items from slipping off. Thanks to the gas spring mechanism with an automatic release, the height is individually and steplessly adjustable.

The fixed part with multifunctional handle can be used to hold a pair of reading glasses or a drink. The handle can be also used as a towel holder, for example.

The extremely stable base frame, consisting of a C-oval profile tube with four large, individually lockable double castors, ensures excellent manoeuvrability and stability.

Support for carers:
The tabletop can bear up to 10 kg of weight, allowing safe and comfortable provision of care in bed with a washbowl.
